# User Guide

# Introduction

Welcome to Jugo! We're here to help you make the most out of our platform, whether you're a newbie or an expert. This guide provides step-by-step instruction on how to navigate, create and manage events and use all of Jugo's features. By following this guide, you'll be able to streamline your event management and increase your event success with Jugo. Let's get started!

# Getting Started as an Event Organizer

Here you can find all information as a reminder of how to create an event including customizing the landing page and venue, uploading content and creating polls.

# Creating an Event

[Basic Info](#)

[Agenda](#) including Adding Speaker bios and Pre-Uploading Content

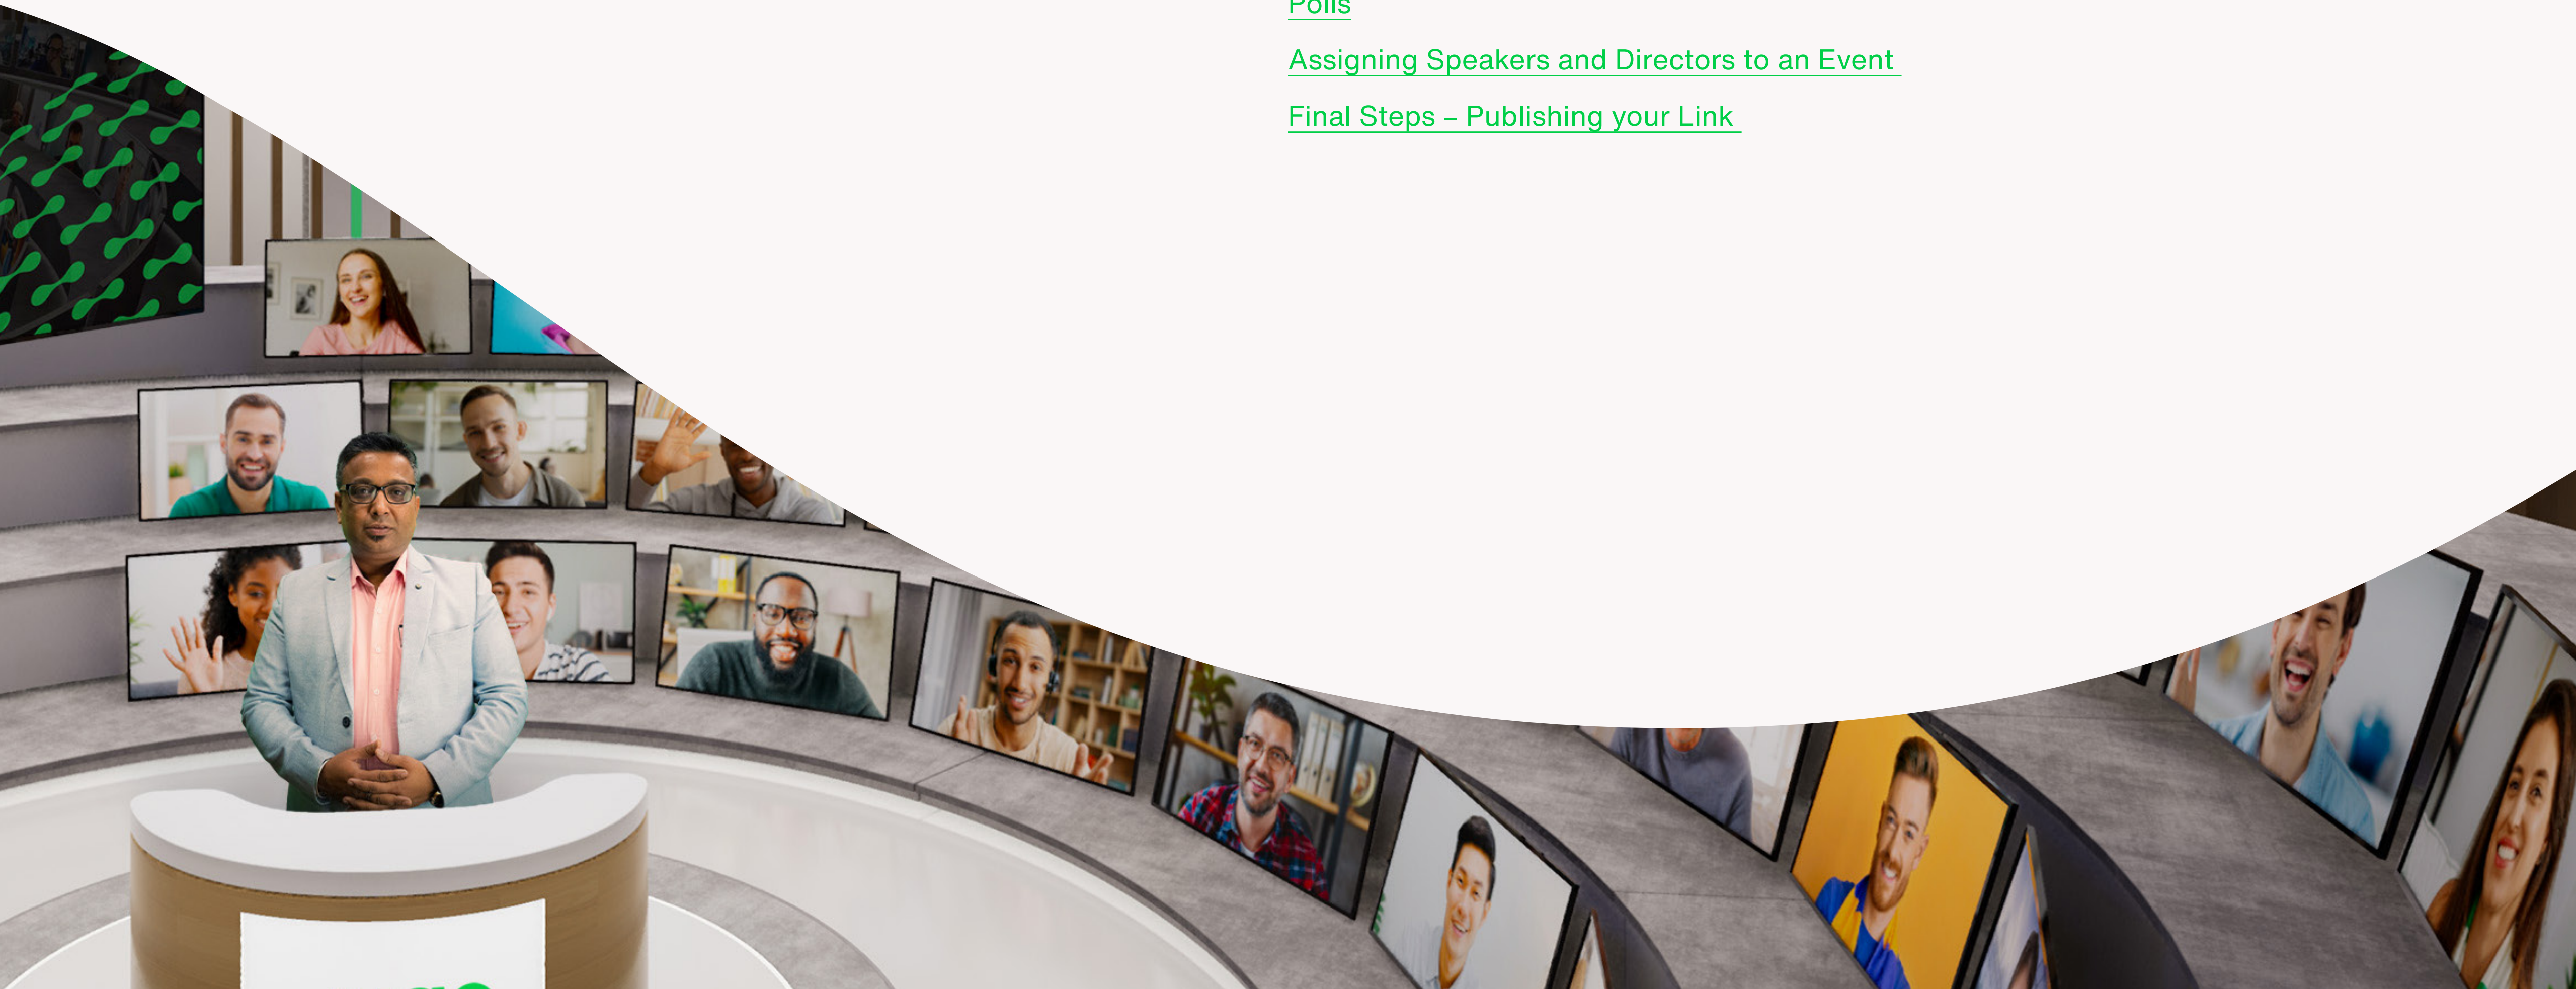

[Venue and Branding](#)

[Registration Details to Collect](#)

[Polls](#)

[Assigning Speakers and Directors to an Event](#)

[Final Steps - Publishing your Link](#)

# Managing your Event (Pre Event)

This section covers everything you need to manage your event before it takes place. You'll learn how to edit your event, view who has registered and record the event.

[Editing your Event](#)

[Viewing who has Registered](#)

[Recording an Event](#)

# Directing an Event

In this section, we'll cover directing your event. From setting up the host and camera angles to sharing content, we'll guide you through directing your event that will keep your audience engaged.
